

## **Snecma Services Changing to Snecma SA**

Effective February 1, 2009, **Snecma Services** was acquired and will change its name to **Snecma SA**. Due to the volume of authorizations requiring amendments to reflect this change, the Managing Director of DDTC is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved authorizations.

All currently approved DSP authorizations identifying **Snecma Services** will not require an amendment to reflect the name change to **Snecma SA**. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying **Snecma Services**, as a party to the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received after **May 15, 2010**, identifying **Snecma Services** as a party to the license may be considered for return without action for correction to the new name.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to Customs at time of shipment.

All currently approved agreements will require an amendment to be executed to reflect this name change. The agreement holder will be responsible for amending their agreement. The executed amendment will be treated as a minor amendment per 22 CFR 124.1(d) and must be submitted as such. New DSP-83s must be executed as a result of the name change, as applicable.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.
